Blacksmithing Anvil and Tool Assemblage

Blacksmith

USA, 1900's

A fine assemblage as found of a blacksmith or metal worker's anvil and related tools. Here, singularly common applied art objects transition when viewed collectively to forge a unique piece of fine art simultaneously making the statement that the arts are fluid and cannot be narrowly confined to one static medium. Of note on the creation of this artwork is the manner in which the anvil is securely affixed to the...
