

WYETH

R. Baltensweller

R. Baltensweller for George Kovacs

Switzerland, 1968

A hefty weighted base supports this fully articulated lamp having two 16" arms connected by three adjusting joints and a swivel at its socket which allows an additional 360 degrees of rotation. A clever push button disc mounted in the socket tube controls the on/off function.

DIMENSIONS

W 16.75" H 15.75" Dia 7.75"
